Dear Parent

We have had an extremely successful start to the autumn term and I have been delighted with the positive comments that we have received from both parents and pupils regarding how the school is performing.

All pupils and parents recently had an opportunity to complete a questionnaire and we have received the results which show that in general the vast majority of parents are happy with the education provided by The Maelor School, but that there are some aspects which can be improved. The survey identifies that parents' top priority for improvement is School communication. Over the next few months we will be investigating ways in which we pass information to you and respond to queries, in order to improve this aspect of our work.
