

4th September 2008,

Dear Parent/Guardian,

I would like to take this opportunity to update you on the long awaited refurbishment of areas of the school.

I am pleased to be able to share with you that on the 8th September work will begin on refurbishing the girls and boys' toilets in the 'C' block .

Before the end of the financial year in March we are hoping that the windows on the upper floor of the 'C' block will be replaced. Whilst we are anxious that his work is carried out we will endeavour to ensure that the impact on the children will be kept to a minimum.

I will keep you informed of any further developments regarding the refurbishment and building of the new Sports Hall.

Yours sincerely,

Mr. E. Hall
Headteacher
